Pullach, 23rd November 2020

Dear Sirs:

Herewith we, advanced energy trading GmbH, a well-known European energy trading and project company working in Central Asia region since 2009 and supplying energy equipment for power generation and transmission as well as for oil and gas industry, confirms that Turbo Komplekt Logistic LLC is our business partner in selling and supplying of energy and technological equipment as well as spare parts for the power, oil and gas industry in Kazakhstan as well as other Central Asian countries. We currently cooperate on the supply of the gas turbine system SGT-800 and related equipment to the Aktobe CHP. We are glad continuing our successful cooperation in the future.

With best regards,

Andrei Kuxenko
Managing Director
